PROFESSIONAL SUMMARY

I am a Computer Science student from the University of San Carlos specializing in frontend development. Experienced with web development and familiar with application development. Building responsive interfaces using TypeScript, React, Next.js, and Tailwind CSS, while actively learning backend development.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3, C, SQL (MySQL), TypeScript
Frameworks & Libraries: React, React Native, Expo, Next.js
Tools & Platforms: Git, GitHub, Figma, Linux (CLI, System Configuration, Package Management), Claude, Google Gemini
Design/Collab: Figma, Miro, Canva
Network Engineering: VLAN Configuration, Inter-VLAN Routing, OSPF, EIGRP, RIPv2, IPv4/IPv6 Subnetting

---

PROJECTS

LeftOver — AI-Powered Recipe Suggestion App
React Native · Expo · Supabase · AI Integrated | https://github.com/Shironium09/Leftover
Architected the Supabase database schema and configured direct React Native to Supabase integration for backend connectivity for a mobile application that assists users in choosing recipes that they can make easily with ingredients they currently have with the help of AI.

AngBot — AI-Powered Discord RAG Chatbot for DCISM Students
TypeScript · Discord Bot · RAG | https://github.com/devliqht/angbot
Developed a configurable, Discord chatbot that uses retrieval-augmented generation to provide students with intelligent, context-aware assistance and information access within their community.

Quanta — CPU Scheduler Algorithm Simulator
TypeScript · Simulation · Algorithms | https://github.com/m4tcha17/Quanta
Quanta is a CPU scheduler algorithm simulator that models FCFS, SJF, SRTF, and Round Robin scheduling to help visualize and analyze process execution behavior.

EDUCATION

University of San Carlos | 2024 – Present | Cebu City, Philippines

- Bachelor of Science in Computer Science
- Consistent Dean's Lister
- Relevant Coursework: Data Structures & Algorithms, Algorithms & Complexity, Networking I & II, Web Development I & II, Information Management I & II,

---

CERTIFICATIONS

- CCNA: Switching, Routing, and Wireless Essentials — Cisco (December 2025)
- PhilNITS Fundamental Information Technology Engineer (FE) Exam Passer

---

ORGANIZATIONS

- **Google Developer Group on Campus — University of San Carlos** Member | 2024 – 2025
